## NCOIS Internal News – November 2020

---

### TRAINING AND DEVELOPMENT

University of Newcastle Research Advantage Team career development zoom training sessions:

#### **[Finesse your grant proposal \[project description\] – grant accelerator program](#)**

Practical advice and top tips for writing a captivating project proposal as part of your grant application.

**When: 10.30am – 12noon Wednesday 25 November 2020**

[Register to attend](#)

#### **[Writing about your Research Impact](#)**

Tips and tricks for writing about your research impact.

**When: 2:00 – 3:30pm Wednesday 2 December 2020**

[Register to attend](#)

### CENTRE NEWS

#### **We're in!**

NCOIS has joined a new initiative, the Collaboration for Enhanced Research Impact or CERI. Established by the Prevention Centre and four NHMRC Centres of Research Excellence to enhance the profile and impact of chronic disease prevention research.

The four Centre's involved include: [Health in Preconception and Pregnancy](#), [Early Prevention of Obesity in Childhood](#), [National Centre of Implementation Science](#), and [Food Retail Environments for Health](#). [Read more>>](#)

Meghan and Alice are our representatives on the network group (see [CERI Network minutes Oct](#)). Luke and Serene are represented on the steering group.

#### **Upcoming Chief Investigator meeting**

Thursday 26<sup>th</sup> November. Keep your eyes peeled for our April-November stream reports which will be circulated next week.

## USEFUL INFORMATION

Relevant papers and guides will be linked here, as a helpful resource. If you would like to submit any links to this section, email them to the [NCOIS Centre Manager](#).

[Strategies for effective dissemination of research to United States policymakers: a systematic review](#)

[Perspective: Design and Conduct of Human Nutrition Randomized Controlled Trials](#)

[Knowledge Translation: The Rise of Implementation](#) - a new monograph by Melanie Barwick, a leading researcher in KT and implementation science and her colleagues. The monography presents a narrative review of the current KT literature and reflects on advancements in KT practice generally, KT's relationship with implementation science, and its practice in the specific area of disability research.

[DISSEMINATING THE RESEARCH findings](#) – WHO resource

The purpose of this module is to illustrate the key concepts of knowledge translation (KT) as relevant to implementation research (IR). It provides structured guidance on preparation of research reports, peer reviewed papers, press releases, conference presentations and policy briefs.

[A compilation of Dissemination and Implementation focused papers](#) in different topics (tweet link) by Ana Bauman. See below for the compilation.

Also, see this website for great resources:

<https://impsciuw.org/implementation-science/explore/is-across-disciplines/>
